

NO CERTIFICATE = NO SALE

We regret we will not be able to supply you with certain products if your current Approved Handler Certificate has expired.

You may have an Approved Handler Certificate for the purchase and use of agrichemicals and animal health products. These certificates are valid for a period of five years.

Some Approved Handler Certificates will now be nearing their expiry date.

Please check the expiry date on your current certificate, and if it is due to expire within the next six months, allow yourself plenty of time to renew the certificate.

For more information on renewing your certificate contact your test certifier, call ERMA New Zealand on 0800 376 234, or visit www.ermanz.govt.nz
